

Foodie Fractions #4

Tina is having a sleepover. She is making her special popcorn for her friends but she needs a double batch. Can you help Tina double the recipe? Tina's brother would like some herbed popcorn, too. Can you calculate three-quarters of the recipe for her brother?

Multiply each ingredient's amount by 2 and 3/4.

<i>Measurement</i>	<i>x</i>	<i>2</i>		<i>3/4</i>		<i>Ingredient</i>
6		_____	cups	_____	cups	popcorn
2		_____	tbsp.	_____	tbsp.	oil
3/4		_____	tsp.	_____	tsp.	basil
1/2		_____	tsp.	_____	tsp.	oregano
2/3		_____	tsp.	_____	tsp.	parsley
1/4		_____	tsp.	_____	tsp.	dill
1/8		_____	tsp.	_____	tsp.	salt
